

ZS5300-0001

Mounting rail fieldbus box extensions, 500 mm x 126 mm, material 1,5 mm V2A, incl. 50 pcs. M3x16, DIN912, V2A

Description

The mounting rail ZS5300-0001 allows the time saving assembly of the extension box modules. The rail is made of stainless steel, 1.5 mm thick, with already premade M3 threads for the modules. The rail can be mounted at the machine with M5 screws (5.3 mm slots).

The rail is 500 mm long, that way 15 modules can be mounted with a distance of 2 mm between two modules. On the assembly, the rail can be cut to length.
